

Smart and green interfaces: Fundamentals and diagnostics

*COST Action MP1106: Smart and green interfaces -
from single bubbles and drops to industrial,
environmental and biomedical applications (SGI)*

Dotchi Exerowa Symposium

29 | 30 | 31

October

2015

Sofia, Bulgaria

www.sgi2015fd.org

Main Topics:

- Foams and emulsions
- Smart fluid interfaces
- Wetting phenomena
- Surface forces and thin liquid films
- Biosurfactants and medical applications
